1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

By the way, I have a couple of questions for you. First, how do you feel about the new design? Second, what are your thoughts on the pricing strategy?

Logos Name	No	Size of image
------------	----	---------------

The following are the names of the persons who have been
found guilty of the same crime as the person named above.
The names are given in alphabetical order.

The candidate's name will remain as such in the event
of a change in the name of the candidate.
